

Collegium books are aimed at addressing the needs of the lower, middle and upper primary curriculum and cover all the syllabus objectives fully.

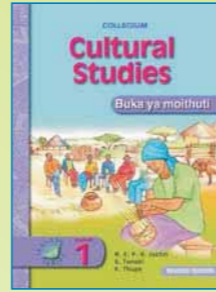

The books are colourful, user-friendly, exciting, practical and written in simple, understandable language. The activities and exercises throughout the books provide stimulating challenges for the learners.

The books are presented in such a way as to enable the learners to be active participants in their own learning and encourage interaction with their environment – leading to them making informed decisions in their everyday lives.
